Future of Music Coalition

Education, Research and Advocacy for Musicians

A free, musician-friendly internet and telephone resource to help artists understand their health insurance options. Go online today at www.futureofmusic.org/hint/ to make a phone appointment with our insurance experts.

Future of Music Coalition

Education, Research and Advocacy for Musicians

Are you a musician living without health insurance? FMC has created HINT – the Health Insurance Navigation Tool – to provide informed, musician-friendly support and advice to musicians, for free.

The HINT website portal gives musicians an easy way to schedule a free telephone consultation with our health insurance experts (who also happen to be musicians) to discuss the options that best fit your needs. We've also written articles that cut through the insurance industry jargon and explain some of the complicated concepts in musician-friendly language.

Visit HINT today! www.futureofmusic.org/hint/

FMC is a national nonprofit education, research and advocacy organization that addresses the issues at the intersection of music, law, technology and policy.

HINT is made possible by financial support from the Nathan Cummings Foundation.

You're a musician. You've got talent.

BUT DO YOU HAVE HEALTH INSURANCE?

1. BOOK TOUR
2. GAS VAN
3. CALL HINT

get the **HINT**
HEALTH INSURANCE NAVIGATION TOOL

**HINT doesn't sell
health insurance.
We offer advice
to musicians.**
